## Experience & Skills

Our ideal Medical Aesthetician is more than just an expert; they're a guardian of skin health. You should:

- ✦ Have a comprehensive knowledge of the skin, spanning all types and conditions, including melasma, hyperpigmentation, acne, and rosacea.
- ✦ Excel in communication, clinical practices, and possess an unwavering drive to keep learning about our offered products and services.
- ✦ Be adept or trained in microneedling, dermaplaning, and medical-grade peels.

## Requirements

- ✦ A minimum of one year in medical aesthetics.
- ✦ Graduation from an accredited Esthetician Program.
- ✦ Hold a current state license in the State of Iowa and meet all the Iowa Board of Cosmetology's continuing education mandates.
- ✦ Adherence to all local and state licensing laws.
- ✦ A spirit of collaboration and a robust customer-first ethos.
- ✦ Availability for two afternoon/evening shifts and one Saturday monthly.

## Responsibilities

As a Medical Aesthetician, your primary mission is to curate transformational experiences for every client. This includes:

- ✦ Delivering unparalleled medical treatments, facials, and procedures.
- ✦ Keeping meticulous records on client treatments, post-care notes, and outcomes.
- ✦ Upselling treatments and products organically.
- ✦ Championing the wellness benefits of our skincare services and products.
- ✦ Ensuring the highest standards of sanitation, sterilization, and safety.
- ✦ Boosting patient retention and encouraging referrals.
- ✦ Showcasing professionalism in every facet, from your appearance to your interactions.
